Section 1

The Context of our Sex and Relationships Education Policy

a) Our Shared Beliefs about SRE

In our school we believe:

- SRE is lifelong learning about ourselves including our emotions, self-esteem, relationships, rights and responsibilities, sexual behaviour, sexuality and sexual health. It takes place in many contexts: at home, at school and in the community.
- SRE is an entitlement for all young people. Difference and diversity must be taken into account when delivering SRE. Special educational needs or disability, gender, sexual orientation and age, nationality, religion, cultural and linguistic background, all affect access to SRE.
- SRE is most effective when provided in the wider context of social and emotional development. In schools, successful SRE is firmly rooted in personal, social and health education (PSHE).
- SRE must enable young people to gain information, develop and transfer skills and explore attitudes and values, in order to support informed decision-making.

b) Entitlements

We, together with our community partners, are committed to working towards the implementation and development of the following entitlements.

Children are entitled to:

- Accurate, up-to-date, useful and appropriate information delivered in a way that meets their individual needs
- A well-planned, well-delivered SRE programme, which is flexible to cater for their changing needs over time
- Know where and how to access information, support and local services
- Be informed about issues of confidentiality and how it affects them
- Have their views and ideas received in a respectful and non-judgemental manner
- Be involved in developing and evaluating the content, delivery and timing of their SRE programme.

Adults working with children are entitled to:

- Access to high quality, up-to-date, accurate information, resources and training
- Mutual understanding of roles and responsibilities in relation to the planning and delivery of SRE
- Contribute their views and ideas in support of the development of SRE for children
- Professional guidance and support
- Opportunities to share good practice
- Be informed about issues of confidentiality and procedures to be followed.

Parents, carers and other adults in the community are entitled to:

- Accessible, accurate, up-to-date, information delivered in a way which meets their needs
- A safe and supportive environment for their children
- Information on how and when SRE is taught
- Understand their rights and responsibilities in relation to SRE policy and curriculum
- Be informed about issues of confidentiality and how it affects them and their children
- Have their views and ideas received in a respectful, non-judgemental manner.

c) The Wider Agenda

SRE is part of the wider agenda of promoting positive relationships and sexual health for young people to which many individuals and organisations in our community contribute. Our SRE Policy contributes to meeting local and national priorities.

Section 2

Our Sex and Relationships Education Policy

a) Introduction

Our work in SRE is set in the wider context of our school values and ethos:

- We promote a healthy, welcoming, friendly and purposeful atmosphere where children and adults are respected and listened to.
- We ensure equality of opportunity for every child and adult.
- We develop an understanding of and respect for religious beliefs and moral values of other people and cultures as well as their own.
- We help our children to be kind, polite, honest and trustworthy and to become caring, responsible members of the school and of the wider community.
- We value and share all children's efforts and achievements to develop and nurture self-confidence.
- We promote healthy related activities to enhance every individual's well being.
- We foster high standards of achievements and encourage all children to work hard and to strive for excellence
- We provide a curriculum which helps each child to be flexible in their approach to learning, open minded and keen to investigate.
- We encourage partnerships and involvement with parents, governors and the community and valuing their contribution to the life of the school.
- We encourage children to take part in the range of extra-curricular activities provided.

Other school policies are relevant to our provision of SRE: PSHE, Safeguarding and Child Protection, Science, Behaviour, Anti-Bullying, Inclusion, Equality.

This SRE Policy is available to staff and accessible on the schools' servers.

This policy is consistent with current national legislation (Education Act 1996 and Learning and Skills Act 2000). It is also consistent with current national guidance 'Sex and Relationship Education Guidance' (DfEE 2000) and recent supplementary guidance 'SRE for the 21st Century'. Our Policy reflects the view of SRE contained within the Schools White Paper 'The Importance of Teaching' (Nov 2010), that children need high quality SRE, so they can make wise and informed choices. Our Policy also reflects recommendations from OfSTED and the Sex Education Forum.

Our SRE policy is the responsibility of the governing body and has been developed through discussion with staff/ by a working party representing staff, parents and governors/ by the PSHE Subject Leaders with the support of the Head teachers and reviewed by staff. It

b) Our Aims for SRE

All adults work towards achieving these aims for SRE in our school. We seek to enable our children to:

- *develop interpersonal and communication skills*
- *develop positive values and a moral framework that will guide their decisions and behaviour*
- *develop understanding of the value of stable relationships and family life as a positive environment for bringing up children*
- *understand and celebrate the differences between family groupings*
- *respect themselves and others, their views, backgrounds, cultures and experiences*
- *develop loving, caring relationships based on mutual respect*
- *explore and understand the elements of a healthy relationship*
- *know who is part of their support network and can offer advice and help when it is needed*
- *name the private parts of the body confidently and communicate with trusted adults to keep themselves safe*
- *understand the process of human reproduction*
- *understand the reasons for and benefits of delaying sexual activity*
- *be prepared for puberty and the emotional and physical effects of body changes*

- *understand the attitudes and skills needed to maintain their sexual health*
- *recognise and avoid exploitative relationships*
- *have opportunities throughout their schooling to address SRE in an age-appropriate way*
- *value, care for and respect their bodies*
- *access additional advice and support*

c) Delivering our SRE curriculum

Our Curriculum for SRE (see Appendix A) describes the elements that are taught. The Curriculum is wholly consistent with the National Curriculum (2014), DfE and OfSTED guidance. It also reflects best practice described by the Sex Education Forum. Some elements of our SRE curriculum are part of the compulsory National Curriculum for Science (e.g. the biological aspects of puberty and reproduction) and some parts are based on non-statutory guidance from the PSHE Association.

We consider SRE to be a continuous process of learning, which begins well before the children enter our school and continues into adulthood. We have planned a progressive curriculum appropriate to each age group. All adults working with children have a part to play in supporting the delivery of SRE.

The objectives of the SRE Curriculum will be taught in:

- PSHE through designated lessons, circle time, focused events, health weeks
- Other Curriculum areas, especially Science, English, RE and PE.
- Enrichment activities, especially our assembly programme, social skills groups, involvement in school trips and adventurous activities, activities carried out as part of our development as a health promoting school.

Specific Units of Work on SRE are planned into our teaching programme every year from Foundation Stage up to Year 6 (As described in our PSHE Planning Cycle). Specific content on Puberty will be taught in Year 5 and revisited in Year 6.

We understand that at times children will benefit from varying methods of delivering the SRE curriculum. For example, we will use single-sex groups or small group teaching where this will help us to meet the needs of children more effectively, we will use team teaching where this enables us to best use teacher expertise. We will ensure there are positive educational reasons for each method of delivery.

d) Responsibilities for Curriculum Delivery and Policy Implementation

- We regard it as the shared responsibility of all adults working in the school to respond appropriately to a child's request for information and advice. All staff are encouraged to access support from colleagues where necessary.
- The SRE curriculum is primarily delivered by class teachers.
- Those delivering SRE have responsibility for assessing children's needs and selecting appropriate activities and methodologies to meet these needs, supported by the PSHE Subject Leader.
- The PSHE Subject Leader is responsible for reviewing and evaluating SRE at our school. The PSHE Subject Leader reports to the Head Teacher in this task.
- Staff are assisted in their planning and delivery of the 'Curriculum for SRE' by the PSHE Subject Leader.
- Governors hold responsibility for the SRE Policy and are assisted in monitoring its implementation by *the* PSHE Subject Leader and headteacher.

e) Teaching Methodologies

Ground Rules: SRE is taught in a safe, non-judgemental environment where adults and children are confident that they will be respected. Specific ground rules are established at the beginning of any SRE work, in addition to those already used in the classroom. They cover the following areas:

- Appropriate use of language
- The asking and answering of personal questions

- Strategies for checking or accessing information.

Answering Questions: We acknowledge that sensitive and potentially difficult issues arise in SRE as children naturally share information and ask questions. When spontaneous discussion arises, it is guided in a way which reflects the stated school aims and curriculum content for SRE. As a first principle we answer questions relating to the taught planned curriculum for that age group to the whole class. We answer questions relating to areas beyond the taught planned curriculum for that age group, in a sensitive and age appropriate way only to the child or children who have asked the question. If a member of staff is uncertain about the answer to a question, or indeed whether they wish to answer it, they seek guidance from the PSHE Subject Leader.

When answering questions, we ensure that sharing personal information by adults, pupils or their families is discouraged. Where a question or comment from a pupil in the classroom indicates the possibility of abuse, teachers will pass this information to the designated person for child protection in line with school policy.

Distancing Techniques: In order to protect children's privacy, we employ teaching and learning strategies which enable them to discuss issues without disclosing personal experience. For example, we may use fiction, puppets, case studies, role-play, videos, theatre in education to enable children to share ideas and opinions and to practise their decision-making skills in a safe learning environment.

f) Inclusion

We understand the importance of ensuring that all children in our school receive their entitlement to SRE. We carefully consider special educational needs or disability, gender, sexual orientation and age, nationality, religion, cultural and linguistic background when planning and delivering SRE.

In relation to nationality, sexual orientation, religion and cultural diversity, we value the different backgrounds of our pupils and, in addressing different views and beliefs, seek to promote tolerance and understanding.

In order to ensure the SRE Curriculum meets the needs of all:

- We do not promote one particular lifestyle over another.
- We do not seek to gain consensus, but will accept and celebrate difference.
- We encourage respect and discourage abuse and exploitation.
- We do not ask children to represent the views of a particular religious or cultural group to their peers, unless they choose to do so.

In relation to those with special educational needs or disability, we review our SRE programme to ensure that provision is made for those with additional needs. We consider:

- their level of vulnerability
- their need to learn and demonstrate appropriate behaviour
- their need to develop self-esteem and positive body image
- the need to involve all staff, including ancillary staff and carers, in policy development, planning and training
- the management of personal care
- clarity about sources of support for pupils

g) Resources

We primarily use the Cambridgeshire Primary Personal Development Programme and the resources recommended within it when planning and delivering the SRE Curriculum. We avoid a 'resource-led' approach to delivering SRE, instead focusing on the needs of the children and our planned learning objectives. We carefully select resources which meet these objectives. We carefully evaluate teacher resources, leaflets and videos, before using them. We select resources which:

- are consistent with our Curriculum for SRE
- relate to the aims and objectives of this Policy
- are suitable to the age, maturity, needs, linguistic proficiency and ability of the children
- appeal to adults and children
- are up-to-date in factual content
- are produced by a reputable organisation

- do not show unfair bias e.g. towards a commercial product
- avoid racial, gender and sexual stereotyping
- encourage active and participative learning
- conform to the legal requirements for SRE.

h) Use of visitors to support SRE

We believe that SRE is most effectively taught by those who know our pupils well and are aware of their needs. We encourage visitors to our school who may enhance, but never replace, our planned provision. We work closely with visitors to ensure that the needs of our pupils are met.

We follow this Code of Practice when working with visitors:

- The care and management of pupils is the responsibility of the school at all times.
- In class teaching situations, visitors are not asked to work alone with pupils, but are supported by a member of staff.
- The school know whether visitors are DBS checked and arrangements are made to accompany them as appropriate.
- All visitors are made aware of the content and principles of this Policy, prior to their visit.
- All lessons are planned in direct liaison with the class teacher and the PSHE Subject Leader if appropriate, taking account of the age and needs of the group and the context of the work within the SRE programme.
- Visitors are reminded that, whilst contributing to SRE in a classroom setting, they must adhere to the same confidentiality code as staff members.
- Any resources which a visitor wishes to use or distribute are discussed and agreed with the PSHE Subject Leader/class teacher beforehand.
- The contributions of visitors are regularly monitored and evaluated.

i) Confidentiality

In our school we have a clear and explicit expectations related to confidentiality, which is shared with staff, pupils and parents/carers. Our expectations include the following points:

- Staff are unable to offer absolute confidentiality.
- We will reassure children that staff will act in their best interests and that this may involve sharing information if the child is at risk of harm.
- Children will be told if information is to be shared (unless the child is very young or has significant special needs) and will be offered appropriate support.

Professionals, such as school nurses and youth workers, are bound by their professional codes of conduct when offering advice and guidance to individual pupils. This often involves offering a greater level of confidentiality to children than school staff are able to give. However, in a classroom and other teaching situations when they are contributing to our planned SRE programme, they will follow the school's confidentiality agreements. Health professionals will ensure that children are aware of the boundaries of confidentiality when beginning work with them.

1) Safeguarding and Child Protection

We recognise that because effective SRE may alert children to what is appropriate and inappropriate sexual behaviour, there is an increased possibility that a disclosure relating to abuse may be made. All staff are aware of the Safeguarding and Child Protection procedures and will report the disclosure to the designated person for child protection immediately.

2) Sexually Active Pupils

There are extremely rare occasions when a primary-aged child, who is sexually active or contemplating sexual activity, approaches an adult. If this occurs in our school, it will be viewed as a child protection issue. The designated member of staff will follow Safeguarding and Child Protection Procedures and seek advice from the relevant agency.

j) Staff Training

Teaching SRE can be very rewarding, but we understand that, in order to feel confident, staff need opportunities to develop the knowledge, skills and attitudes. We recognise that all adults have different personal beliefs and attitudes about SRE. We discuss relevant issues and, where appropriate, arrange training to enable staff members to feel confident in delivering the Curriculum for SRE. We also encourage the sharing of good practice.

k) Role of Governors

This Policy describes the governors' views on how SRE will be delivered in addition to requirements of the National Curriculum.

It is the responsibility of the governors to ensure, through consultation, that the SRE Policy reflects the wishes of the parents and the views of our community. It is the responsibility of governors to ensure that the Policy is made available to parents.

In order to facilitate this process, the SRE Policy appears annually on the agenda of each School Advisory Board.

l) Pupil Participation

We involve children in the evaluation and development of their SRE in ways appropriate to their age.

- a. We refer to local/countywide/national data e.g. Health Related Behaviour Survey for Cambridgeshire.
- b. We engage the children in assessment activities to establish their development needs, for example 'Draw and Write' activities
- c. We encourage children to ask questions as they arise by providing anonymous question boxes.
- d. We ask children to reflect on their learning and set goals for future learning.
- e. We consult children (e.g. through School Council) about their perception of the strengths of our SRE programme and the areas to be further developed.

m) Working with Parents/Carers and our School Community

Parents and carers are the key figures in supporting their children through the emotional and physical aspects of growing up. We recognise that many children would prefer to receive information about SRE from their parents and carers. Therefore, we seek to work in partnership with parents and carers when planning and delivering SRE. We encourage this partnership by:

- a. Informing parents and carers by letter of forthcoming SRE topics
- b. Inviting parents to learn more about resources and activities used in SRE
- c. Gathering parents' views on the SRE Policy and taking these into account when it is being reviewed
- d. Informing parents and carers about the SRE programme as their child joins the school through the school prospectus, curriculum outlines and the website
- e. Providing supportive information about parents' role in SRE
- f. Inviting parents to discuss their views and concerns about SRE on an informal basis.

Parents and carers will be given access to this Policy on request. It will be available at the Annual Governors' Meeting. It will also be available on the school website/in the Parents' Policy folder in the school Office.

Parents and carers have the right to withdraw their children only from all or part of those elements of SRE which are not included in the statutory national curriculum Programmes of Study for Science. They are able to withdraw their children from those elements which fall within the non- statutory guidance for PSHE. The school will make alternative arrangements for children whose parents or carers withdraw them.

Any parent or carer who wishes to withdraw their child should, in the first instance, contact the Class Teacher to discuss the matter. Appendix A will be used to guide the discussion to explain clearly which areas of SRE are statutory and which are non-statutory. We enable parents wishing to withdraw their children from the non-statutory elements of SRE to access the leaflet **8K DFES SRE** and Parents and have a discussion with the class teacher

regarding the resources and materials which will be used. Parents or carers are asked to reconfirm their decision to withdraw each time SRE is planned for their child's class/year group.

n) Monitoring, Evaluating and Reviewing our SRE Policy

Monitoring and evaluation of the Policy is the responsibility of the governing body. Information will be gathered from the Head Teacher, PSHE Subject Leader and parents/carers to inform judgements about effectiveness.

We are committed to working towards the delivery of the Entitlements (1b) and the provision of the 'Curriculum for SRE' (4a).

- We reflect on our contribution to the provision of the Entitlements for SRE and seek to develop this.
- We continue to work in partnership with parents/carers and members of our community to ensure the delivery of high quality SRE for our children.

The Policy will be formally reviewed every three years. The next review will take place in [2018](#).

o) Glossary

Abortion: the expulsion of a foetus from the womb. This may be spontaneous (miscarriage), but is most commonly used to describe a process where expulsion is induced.

AIDS: Acquired Immune Deficiency Syndrome

Community: All people who live, work or in some other way impact on the lives of children in the area in which they live.

Co-ordinator: The lead member of staff in school for a particular area of work.

DfE Department for Education (previously known as DCFS: Department for Children, Families and Schools, DfES: Department for Education and Skills and DfEE Department for Education and Employment)

HIV: Human Immunodeficiency Virus, the virus which causes AIDS

PSHE: Personal, Social and Health Education

School: Any educational establishment

SRE: Sex and Relationships Education

STI: Sexually Transmitted Infection

Visitor: Someone who is not a member of school staff, who contributes to the planned provision of SRE or offers another service, such as giving advice or support. A visitor may be a member of another organisation (e.g. health professional, youth worker) or an individual (e.g. parent with a new baby).

Section 3 Sensitive Issues

a) Puberty

Primary: *We teach about puberty in Years 5 and 6, in accordance with our Curriculum for SRE. Younger children may be aware of puberty and we answer their questions appropriately on an individual basis. We recognise the importance of ensuring that both boys and girls have a good understanding of puberty before they reach it. If a Year 4 child appears to have an advanced physical development, we consider whether they too should be involved in lessons about puberty. This is always done in consultation with parents/carers. We may use single sex groups to address particular needs, such as girls' practical need for information about managing periods. We may work with groups of Year 5 and Year 6 pupils separately to ensure they receive appropriate information at these age groups. We ensure that sensitive arrangements are made for girls who have started menstruating. This includes the provision of sanitary disposal units and the discreet provision of 'emergency' sanitary protection. Staff respond to such requests discreetly.*

b) Contraception

Primary: *We recognise that many primary-aged children are aware of some forms of contraception and have begun to understand that adults do not only engage in sexual activity when they wish to reproduce. Children may ask direct questions about contraception, or may reveal knowledge (accurate or inaccurate) about contraception in discussion with adults or their peers. We refer to guidelines for responding to these questions in '6B Answering Children's SRE Questions in the Primary School'. We answer children's questions in general terms and will ensure that our answers reflect the responsible choices adults make in deciding when to have children. This will enable pupils to further understand the responsibilities of adult life.*

We have also decided to address this issue directly in very broad terms as part of the taught SRE Curriculum at Year 6. The learning is set in the context of responsible parenting decisions. It does not include details regarding access to or application of contraception.

There are extremely rare occasions when an adult in a primary school may believe that a child's question about contraception derives from a child's own sexual activity or contemplation of sexual activity. In this case, the adult will consult immediately with the designated teacher for child protection, who will make sensitive arrangements, ensuring there has been discussion with the child and explanation of the importance of confidentiality to involve the child's parents and, if necessary, other professionals. Sexual activity under 13 is always a matter of Safeguarding and Child Protection.

c) Abortion

Primary: *We recognise that some children might be aware of abortion and that they might be developing attitudes towards it. They may also ask questions about it. Adults in schools will acknowledge these questions and respond generally to factual enquiries on an individual basis, rather than in a whole class discussion.*

d) Sexually Transmitted Infections (STIs) and HIV/AIDS

Primary: *We do not teach directly about STI's, however elements of our SRE and Science Curricula prepare the ground for this explicit teaching later e.g. by discussing some issues around HIV/AIDS. We discuss the different ways any disease might be spread and steps a child might take to reduce this. Some children will be aware of STI's or HIV/AIDS and may ask questions about them in relation to SRE or perhaps drug education. Adults in school will acknowledge these questions and respond generally to factual enquiries on an individual basis, rather than in a whole class discussion.*

e) Sexual Identity and Sexual Orientation

Primary: *We understand our responsibility to ensure that SRE meets the needs of all our pupils. Whatever their developing sexuality, children must feel that SRE is relevant to them and sensitive to their needs. We do not teach directly about sexual orientation, but acknowledge that many children are aware of both heterosexual and homosexual relationships and may ask questions about these. We answer these questions factually, in a general way, seeking to challenge prejudice. We discuss different family arrangements, including same sex partners, when considering relationships. If we encounter examples of homophobic language or attitudes we challenge these.*

Incidents of homophobic bullying will be dealt with according to our Anti-Bullying Policy which explicitly refers to homophobic bullying.

Section 4 Appendix A The Curriculum for Sex and Relationships Education

Foundation Stage (Age 4 - 5)

<p>Early Learning Goals (2012)</p>	<p>Health and self-care: children know the importance for good health of physical exercise, and a healthy diet, and talk about ways to keep healthy and safe. They manage their own basic hygiene and personal needs successfully, including dressing and going to the toilet independently.</p> <p>Managing feelings and behaviour: children talk about how they and others show feelings, talk about their own and others' behaviour, and its consequences, and know that some behaviour is unacceptable. They work as part of a group or class, and understand and follow the rules. They adjust their behaviour to different situations, and take changes of routine in their stride.</p> <p>Making relationships: children play co-operatively, taking turns with others. They take account of one another's ideas about how to organise their activity. They show sensitivity to others' needs and feelings, and form positive relationships with adults and other children.</p> <p>People and communities: children talk about past and present events in their own lives and in the lives of family members. They know that other children don't always enjoy the same things, and are sensitive to this. They know about similarities and differences between themselves and others, and among families, communities and traditions.</p> <p>The world: children know about similarities and differences in relation to places, objects, materials and living things. They talk about the features of their own immediate environment and how environments might vary from one another. They make observations of animals and plants and explain why some things occur, and talk about changes.</p>
---	--

The following section gives the questions our children will engage with as part of our planned SRE provision. These areas will be covered using the Cambridgeshire Primary Personal Development Programme (CPPDP) Unit My Body and Growing Up BG F.

Knowledge (PSHE)	Skills (PSHE)	Attitudes (PSHE)
<ul style="list-style-type: none"> • What does my body look like? • How has my body changed as it has grown? • Who are the members of my family and trusted people who look after me? 	<ul style="list-style-type: none"> • What differences and similarities are there between our bodies? • How can I look after my body and keep it clean? 	<ul style="list-style-type: none"> • What can my body do? • How am I learning to take care of myself and what do I still need help with? • How do I feel about growing up?

The following section gives the Learning Objectives included in the Cambridgeshire Primary Personal Development Programme Unit My Body and Growing Up BG F.

<ul style="list-style-type: none"> • To describe their own appearance and name external body parts including using agreed names for the sexual parts. • To understand ways in which their body has changed since they were a baby. • To understand how members of their family and other trusted people care for and look after them. 	<ul style="list-style-type: none"> • To recognise similarities and differences between the bodies of girls and boys. • To understand ways of looking after their body and keeping it clean. 	<ul style="list-style-type: none"> • To understand and value what their bodies can do. • To understand ways in which they can take responsibility for looking after themselves and recognise situations where they still need to be supported by others. • To recognise how growing up makes them feel.
--	---	--

Below are questions children will engage with as part of our wider Wellbeing programme and in other taught areas of PSHE

Knowledge (PSHE)	Skills (PSHE)	Attitudes (PSHE)
<ul style="list-style-type: none"> • Who is my family and how do we care for each other? • Who are the different people who make up a family? • How do I know if something is safe or unsafe? 	<ul style="list-style-type: none"> • How can I be a good friend? • Can I recognise and show my emotions? • Can I recognise emotions in other people and say how they are feeling? • Can I say 'No' if I feel unsure about something and it does not feel safe or good? 	<ul style="list-style-type: none"> • What things are especially important to my family and me? • What do I think I have to keep safe from?

Key Stage 1 (Year 1/2)

Statutory Science Curriculum	<ul style="list-style-type: none"> • Y1 identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense. • Y2 notice that animals, including humans, have offspring which grow into adults • Y2 find out about and describe the basic needs of animals, including humans, for survival (water, food and air) • Y2 describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene. 	
Non-statutory PSHE Curriculum most relevant to SRE (PSHE Assoc 2013)	<ul style="list-style-type: none"> • about the process of growing from young to old and how people's needs change • about growing and changing and new opportunities and responsibilities that increasing independence may bring • the names for the main parts of the body (including external genitalia) the similarities and differences between boys and girls 	<ul style="list-style-type: none"> • about good and not so good feelings, a vocabulary to describe their feelings to others and simple strategies for managing feelings • the importance of and how to maintain personal hygiene • how some diseases are spread and can be controlled and the responsibilities they have for their own health and that of others

The following section gives the questions our children will engage with as part of our planned SRE provision. These are taken from the Cambridgeshire Primary Personal Development Programme (CPPDP) Framework for Year 1/2. These areas will be covered using the CPPDP Units Sex and Relationships SR1 and SR2. Those in bold text are directly linked to the statutory elements of the National Curriculum for Science.

Knowledge (PSHE)	Skills (PSHE)	Attitudes (PSHE)
<ul style="list-style-type: none"> • What are the names of the main parts of the body? • How can I keep my body clean? • How can I stop common illnesses and diseases spreading? • How do babies change and grow? • What do babies and children need? 	<ul style="list-style-type: none"> • What can my body do? • How have I changed since I was a baby? • What are my responsibilities now I'm older? 	<ul style="list-style-type: none"> • Do I understand how amazing my body is? • When am I in charge of my actions and my body?

This section shows the Learning Objectives which will be covered using Cambridgeshire Primary Personal Development Programme Units SR1 and SR2

<ul style="list-style-type: none"> • To recognise the main external parts of the bodies of humans, including agreed names for sexual parts. • To know how to keep themselves clean. • To understand the importance of basic hygiene practices, e.g. washing hands, using a tissue, and how these prevent the spread of disease. • To know that humans produce babies that grow into children and then into adults. • To understand the needs of babies and young children. 	<ul style="list-style-type: none"> • To describe what their bodies can do. • To consider the ways they have changed physically since they were born. • To consider their responsibilities now and compare these with when they were younger. 	<ul style="list-style-type: none"> • To understand that they have responsibility for their body's actions and that their body belongs to them. • To appreciate how amazing their body is.
--	--	---

Below are questions children will engage with as part of our wider Wellbeing programme and in other taught areas of PSHE

Knowledge (PSHE)	Skills (PSHE)	Attitudes (PSHE)
<ul style="list-style-type: none"> • What are risky situations and how can I keep myself safer? • What healthy choices can I make? • What are some of the similarities and differences between me and others? • Who looks after me and what are their responsibilities? • Do I understand what good and bad secrets might be? 	<ul style="list-style-type: none"> • Can I name some different feelings? • How can I stand up for myself? • How can I negotiate to sort out disagreements? • Can I describe what a friend is and does? • How do I cope when friendships change? 	<ul style="list-style-type: none"> • How do my feelings and my actions affect others? • Who is in my family and how do we care for each other? • Can I recognise and describe 'yes' and 'no' and 'I'm not sure' feelings?

Key Stage 2 (Year 3/4)

Statutory Science Curriculum	<ul style="list-style-type: none"> • Y1 identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense. • Y2 notice that animals, including humans, have offspring which grow into adults • Y2 find out about and describe the basic needs of animals, including humans, for survival (water, food and air) • Y2 describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene. 	
Non-statutory PSHE Curriculum most relevant to SRE (PSHE Assoc 2013)	<ul style="list-style-type: none"> • to deepen their understanding of good and not so good feelings, to extend their vocabulary to enable them to explain both the range and intensity of their feelings to others • to recognise their increasing independence brings increased responsibility to keep themselves and others safe • that bacteria and viruses can affect health and that following simple routines can reduce their spread 	<ul style="list-style-type: none"> • that pressure to behave in an unacceptable, unhealthy or risky way can come from a variety of sources, including people they know and the media • how their body will change as they approach and move through puberty • to recognise how images in the media do not always reflect reality and can affect how people feel about themselves • about human reproduction

The following section gives the questions our children will engage with as part of our planned SRE provision. These are taken from the Cambridgeshire Primary Personal Development Programme (CPPDP) Framework for Year 3/4. These areas will be covered using the CPPDP Units Sex and Relationships SR3 and SR4. Those in bold text are directly linked to the statutory elements of the National Curriculum for Science.

Knowledge (PSHE)	Skills (PSHE)	Attitudes (PSHE)
<ul style="list-style-type: none"> • How are males and females different and what are the different parts called? • What are the main stages of the human life cycle? • How do different illnesses and diseases spread and what can I do to prevent this? 	<ul style="list-style-type: none"> • Why is it important to keep clean? • What am I responsible for now and how will this change? • What can I do for myself to stay clean and how will this change in the future? 	<ul style="list-style-type: none"> • What can my body do and how is it special? • How do parents and carers care for babies? • What does it mean to be 'grown up'?

This section shows the Learning Objectives which will be covered using Cambridgeshire Primary Personal Development Programme Units SR3 and SR4

<ul style="list-style-type: none"> • To understand the physical differences between males and females. • To recognise the main external parts of the bodies of humans, including scientific names for sexual parts. • To understand the main stages of the human lifecycle: birth, baby, child, adolescent, adult, middle age, old age, death. • To understand a range of ways illness and disease, e.g. colds, chickenpox, head lice, might be spread and how they are able to reduce this. 	<ul style="list-style-type: none"> • To understand the benefits of carrying regular personal hygiene routines. • To consider their responsibilities and how these have changed and how they will change in the future. • To consider who is responsible for their personal hygiene now, and how this will change the future. 	<ul style="list-style-type: none"> • To value their own body and recognise its uniqueness. • To consider the responsibilities that parents and carers have for babies and children. • To investigate perceptions of being 'grown up'.
--	---	--

Below are questions children will engage with as part of our wider Wellbeing programme and in other taught areas of PSHE

Knowledge (PSHE)	Skills (PSHE)	Attitudes (PSHE)
<ul style="list-style-type: none"> • What risks are there to my safety, my friendships and my feelings? • What are some of the different lifestyles and beliefs people have? • When might I need to break a promise or tell a secret? • What changes have I already experienced and might I experience in the future? 	<ul style="list-style-type: none"> • How can I communicate my emotions? • How can I cope with difficult emotions? • How do I cope when relationships change? 	<ul style="list-style-type: none"> • How can I have a healthy lifestyle? • How am I changing as I grow up?

Key Stage 2 (Year 5/6)

Statutory Science Curriculum	<ul style="list-style-type: none"> • Y1 identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense. • Y2 notice that animals, including humans, have offspring which grow into adults • Y2 find out about and describe the basic needs of animals, including humans, for survival (water, food and air) 	<ul style="list-style-type: none"> • Y2 describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene. • Y5 describe the life process of reproduction in some plants and animals. • Y5 describe the changes as humans develop to old age.
Non-statutory PSHE Curriculum most relevant to SRE (PSHE Assoc 2013)	<ul style="list-style-type: none"> • to deepen their understanding of good and not so good feelings, to extend their vocabulary to enable them to explain both the range and intensity of their feelings to others • to recognise their increasing independence brings increased responsibility to keep themselves and others safe • that bacteria and viruses can affect health and that following simple routines can reduce their spread 	<ul style="list-style-type: none"> • that pressure to behave in an unacceptable, unhealthy or risky way can come from a variety of sources, including people they know and the media • how their body will change as they approach and move through puberty • to recognise how images in the media do not always reflect reality and can affect how people feel about themselves • about human reproduction

The following section gives the questions our children will engage with as part of our planned SRE provision. These are taken from the Cambridgeshire Primary Personal Development Programme (CPPDP) Framework for Year 5/6. These areas will be covered using the CPPDP Units Sex and Relationships SR5 and SR6. Those in bold text are directly linked to the statutory elements of the National Curriculum for Science.

Knowledge (PSHE)	Skills (PSHE)	Attitudes (PSHE)
<ul style="list-style-type: none"> • What are male and female sexual parts called and what do they do? • What happens to the bodies of boys and girls when they reach puberty? • How can the spread of viruses and bacteria be stopped? • What is HIV? (ref 'Sex and Relationships' OfSTED 2002 (HMI 433)) • How are babies made? 	<ul style="list-style-type: none"> • How can I keep my growing and changing body clean? • How can I express my feeling positively as I grow up? • What should adults think about before they have a baby? 	<ul style="list-style-type: none"> • What influences my view of my body? • What are families like? • When am I responsible for how others feel?

This section shows the Learning Objectives which will be covered using Cambridgeshire Primary Personal Development Programme Units SR5 and SR6

<ul style="list-style-type: none"> • To identify male and female sexual parts and describe their functions. • To know appropriate terminology for use in different situations. • To know and understand about the physical changes that take place at puberty, why they happen and how to manage them. • To understand that physical change happens at different rates for different people. • To know and understand that safe routines can stop the spread of viruses (including HIV) and bacteria. • To know about the facts of the human lifecycle, including sexual intercourse. 	<ul style="list-style-type: none"> • To know about new aspects of personal hygiene relevant to puberty. • To be able to recognise their changing emotions with friends and family and be able to express their feelings and concerns positively. • To have a basic awareness of responsible parenting choices. 	<ul style="list-style-type: none"> • To understand how the media, families and friends can influence attitudes to their bodies. • To consider how they have some responsibility for the feelings and well-being of others. • To consider the need for trust and love in marriage and established relationships. • To understand and respect a wide range of family arrangements e.g. second marriages, fostering, same sex partners, extended families.
---	---	---

Below are questions children will engage with as part of our wider Wellbeing programme and in other taught areas of PSHE

Knowledge (PSHE)	Skills (PSHE)	Attitudes (PSHE)
<ul style="list-style-type: none"> • What are the different consequences for taking physical, social and emotional risks? • What does being healthy mean and what are the benefits? • What different kinds of families are there? • How are my friendships and relationships changing? 	<ul style="list-style-type: none"> • How do I manage strong emotions? • How do I recognise how other people feel and respond to them? • How can I share my views effectively and negotiate with other's to reach agreement? 	<ul style="list-style-type: none"> • How can I show respect for different views, lifestyles and beliefs? • What can I do when I realise I'm in a bad mood? • When am I responsible for my personal safety?
